

# Schoolcraft Power Train Premium 6.5 Diesel Warranty Policy

## Warranty

This Premium GM 6.5 Diesel engine comes with a limited warranty. This warranty will cover mechanical failures of the block, rotating/reciprocating assembly, cylinder heads and valve train due to normal work/tow operation within the vehicle manufacturer's load and tow ratings for 24 months with unlimited mileage. This includes cracking of the main webs, which the splayed main caps are specifically designed to eliminate. This warranty does not cover damage caused by induction or penetration of foreign objects, misuse, oil starvation, improper installation or operation beyond safe functional parameters. This warranty is invalid if exhaust temperature exceeds 1,250 F as measured in the exhaust stream ahead of the turbocharger inlet or if engine coolant temperature exceeds 235 F as measured at the factory location. Warranty claims must be verified by Schoolcraft Power Train.

This warranty does not cover removal or installation costs or other incidental damages.
